DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on December 02, 2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): In order to be entitled to reconsideration or further examination, the applicant or patent owner must reply to the Office action. The reply by the applicant or patent owner must be reduced to a writing which distinctly and specifically points out the supposed errors in the examiner's action and must reply to every ground of objection and rejection in the prior Office action. The reply must present arguments pointing out the specific distinctions believed to render the claims, including any newly presented claims, patentable over any applied references. In the present case Applicant has omitted specific arguments in response to the rejection cited under 35 USC 101 obviousness-type double patenting and/or a terminal disclaimer. See 37 CFR 1.111. Also, note the response omits replacement Figure 16 and 13 in response to drawing objection cited under 37 CFR 1.84(h) and 37 CFR 1.84(u). Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
